March 25, 2020

Pursuant to Executive Order 2020-21 ("Stay Home, Stay Safe") signed by Governor Whitmer on Monday, March 23, 2020, the Office of the Huron County Public Guardian has temporarily re-structured office operations. Changes in operation will remain in affect until April 13, 2020, unless extended by further order of the Governor.

The Office of the Huron County Public Guardian will remain closed to the public. Office hours will remain Monday-Friday from 8:30 a.m. until 5:00 p.m., with no closure during the lunch hour. Though our office hours shall remain unchanged at this time, we are limiting our staff to two (2) employees within the office each day. It is pertinent that we remain staffed during our normal business hours, due to the vulnerable population that we serve and the functions we are required to perform on behalf of these individuals. We are confident that by limiting our staff, we may remain operational during our regularly scheduled hours, yet still be proactive toward minimizing potential Covid-19 exposure.

Though our office will remain closed to the public, we can be reached by telephone at (989) 269-7971, by fax at (989) 269-6502, or by email at publicguardian@co.huron.mi.us. Staff will be monitoring all forms of communication on a daily basis, and address any questions, concerns, needs, or issues as they may arise within a timely manner.

We apologize for any inconvenience these changes may cause.

Sincerely,

Office of the Huron County Public Guardian
